EXTERNAL EMAIL

I'm just writing to check in on CTUIR's interest in formal tribal consultation on the WA federal dam permits. We are moving towards a public comment draft, and I was hoping to update someone at CTUIR on our progress. If one of you could let me know who I might call, I'd appreciate it.

Thanks,
Jenny 206-553-6328

It's not necessary to resend the letter, just please make sure future R10 G2G correspondence to the CTUIR go to Chair Burke. Thanks again.

Thank you. Can you please update your records to reflect that the Chairman of the Board of Trustees (BOT) of the CTUIR is Gary Burke. William Sigo IV is Chairman of the General Council. All government to government communications to the CTUIR should go to the Chairman of the BOT. Thank you.

I'll speak to Brent and see who is the best to take lead on this discussion with EPA.

Thanks, Brent, for the response. Audie, here's the letter that we sent requesting consultation. If you would like more information, please feel free to let me know.

Also, would one of you be free to talk more about the general process that Umatilla Tribe would like for tribal consultation?

Thanks,
Jenny (206)553-6328

Hi Jennifer,

We are interested in G2G. I'm copying Alanna Nanegos to help us find some acceptable dates. Alanna, Audie should also be included in this meeting.

Thanks,

Brent

Hi Brent

I'm just writing to check in with you about EPA's tribal consultation request on the upcoming NPDES permits for federal dams on the Lower Columbia and Snake Rivers. We sent a letter in early October requesting that the Umatilla Tribe let us know if there was interest in tribal consultation by October 31, 2018. I had not heard anything. If you believe the Umatilla Tribe is interested in tribal consultation on the dams, please feel free to let me know. I'll continue to keep you updated on the progress of the permits regardless of whether the Umatilla Tribe is interested in formal consultation.
